

SUN

And tell me
who is going to drive you
when I'm gone
who is going to love you
when I'm gone
you're under my spell

Who is going to drive you
when I'm gone
through nameless roads
you'll never know
I'm under your skin

And I'm trying to walk away

I'll go where the sun
I'll go where the sun
I'll go where the rising sun
is rising from me

So tell me who
is going to drive you
when I'm gone
through restless roads
you'll never walk
you're under my spell

Who is gonna hate you
when I'm gone
through endless love

you'll never know
what's under my skin

So you're trying to walk away

I'll go where the sun
I'll go where the sun
I'll go where the shining sun
and I'll go where the sun is hiding
go where the sun is hiding
I'll go where the dying sun
is crying for me

(he's crying for me
where is my sun)

And I'll go where the sun
I'll go where the sun
I'll go where the...
I'll go where the...
shining sun
is dying for me
where is my sun
my sun.

HUNTING

Falling leaves and you're down to the ground
you see flowing tears
do you hear their cold sound?
You feel growing fear,
you're down on your knees
while blowing wind
made you stumble and cry

Like a dying breed
breathing for the last time
they will fall asleep
and seal their doom

Whatever breaks you down
whatever caused these tears
you never have to hide
you will show them

How to win
though you're losing it all
that you're safe 'cause you know they might fall
like falling leaves down
on the cold ground
they are new life growing in you
like growing fear
when they're facing you

Whatever breaks you down
whatever caused

these tears
you never have to hide
you will show this time

Now there's nothing that you wouldn't do
to prove
that you're alive
and your mind is made up
you won't stop this time

Wherever they may hide
the hunting now has just begun.

QUEEN

Once you were the answer
you were such a perfect one for me
you held your head up,
worn your crown
you were such a queen to me
'cause you know
what you've made of
but you don't know what I'm not
now you know

You are not the answer
you are not a waste of time for me
leave me in my hell
and dream your vivid dream for me
'cause you know
I'm a waste of your life,
too short to believe in me
now you know,
you know
I'm a waste of your time and now

You were not the answer
you were not a waste
of my precious time
I'm trying to do my best now
a king without a queen can't live
'cause I know
wouldn't help all the pain in the world
that's what I deserve

now you know

You were not the answer
you were not a waste of time for me
leave me in my hell
and
live your vivid dream for me
'cause I know

For the rest of my life
I will carry the mark
of this shame on me
now I know, I know
I will waste all my broken life

You were not the answer
you were not a waste of time
now you know
stay the rest of my life
now you know.

KINGDOM

And your kingdom will come
and your will be done
on earth as in heaven
this means a war!

Towns are burning
you're hunting for lost souls
heads are rolling down
you get your headline news

You're not even human
as you won't understand...

Are you kidding me?
Is it your god's will?
Now you're wasting your time
I won't swallow your lies
your lies!

Imposing sharia law
and propaganda
and spilling blood and oil

you get your night-time abuse
and you're you're taking their lives
in the name of your god
you call on jihad
and there's nothing holy about you

'Cause you're not even human
and you won't understand
now you're wasting your time, no
I won't swallow your lies

Lies you're selling me
this is your god's will!
You've been struggling so long
to get your heaven
cold hard cash like hell
Now you're wasting your time
I won't swallow your lies
now you're wasting your time
I won't borrow those cries...

cries of a black kingdom!
Lies of a black kingdom!

Are you kidding me?
Is it your god's will?
Your lies!

STRONGER

I was so high and fast
now I'm feeling so low
I was a shining star
you've taken all of my light
you needed it
then you have left me empty
now I'm feeling so cold
and I know

When you want me
I won't be there for you, no more
I am growing stronger
if you need me
I won't lay beside you
inside

I am becoming...

Colder than icy wind
blowing away all those memories
sunlight that warms your skin
an illusion of my broken mind
since you have shown no mercy
you can't ask me to show what I've lost

When you call me
I won't be there for you, no more
I am growing stronger
if you need me,
I won't lay beside you
inside
I am going stronger
I am stronger

When you want me
I won't be there for you
watch me go away
if you need me
I won't care until you hate me
are you stronger?

JESUS

Walking with your music in your ears
thinking what you've lost
there's nothing you can do
in this warm night your heart is cold
unaware that your life
has come to an end
you've been stalked
by the eyes of a ghost

Falling with your music in your ears
aching for the pain
there's nothing you can do
and there is no fight, his body strong
slaughtered by the hand of a monster

Jesus is the killer
disappearing in the night

Jesus is the violence
beating harder on your life
Jesus you're the only one
that gets back home alive
home alive with your life
home alive with your life

Walking with no music in your ears
you think about nothing
but that girl you wanna do
she is so young, her body warm
you're aware that your prey
is close at hand
then you're blinded
by your horrible hunger

Jesus is the killer
disappearing in the night
Jesus is the violence beating harder on your life
Jesus is the only one
that gets back home alive
home alive with her life
home alive with her life

Don't know why
you've wasted your entire life
in your mind
scary monsters, wicked demons
it's all right
you tell your daughter
not to cry
all your crimes you realize
in her eyes you would die

Walking with her music in your ears
thinking of what you have done
there's nothing you can do
in this cold light, your prison cell
now you're aware
that your life
has come to an end.

HOPELESS

Now that I've broke away from you
I know what you really mean to me
I'm dying for my crime

How could I make a fool of you
make you believe in me
you know good guys are all liars

How could you imagine
that your soul was safe from harm
and higher
how could you forgive a man
whose only truth is a lie, a lie

Heal me, I'm helpless
without your face I'm blind
help me, I'm hopeless
and in a maze I'm dying

Now that you're far away from home
you know what it really means
to live your life
and take your time

now that you're making fun of me
do you believe in things you see
your eyes are lying

it's not like you had imagined
don't you feel now
you're safe from harm and wiser
why would you forgive me
even if you knew I'm alive
I'm alive

C'mon and heal me,
I'm helpless
without your face I'm blind
help me, I'm hopeless
and in a maze I'm dying

But now i'm trying
oh, do you remember

all those nights
we shared
to live our dream
now you won't regret it
if you try, like I am trying
to keep my dream alive

Feed me, feel me
heal my pain and bring me back to life

heal my pain and bring me back to life
you have the power
to show me how to live
and set my soul on fire.

Now, you're mine.

VIOLET

Violet,
Violet, you shouldn't be there
Violet, stay away from me
leave now, tonight, forever
don't try to sell me one of your dreams

Violet,
Violet, you're going to regret
violent words are poisoning me
stop now, don't pull that trigger
just try to tell me one of your dreams

Violet,
Violet, remember feeling
my breath upon your lips
Violet, I know you want me
you gotta drop that blade

I called you, in my sleep
I saw you, in my fears
you shed tears, watching me bleed
you're watching me...

Violet,
Violet, you're going to kill me

please say a prayer for me
I'm leaving now, tonight, forever
I'm just lying to sell you
one last dream

Violet,
Violet, I'm really feeling
your breath upon my neck
Violet, Violet, you started using
on me your blade

I called you, in my sleep
I saw you, in my fears
you shed tears,
watching me bleed
you're watching me...

You're watching me bleed, again
watching me bleed, again
I bleed, again
and your're watching me

Violet,
Violet, I shouldn't have come here
Violet, I'll stay away from you
from now on, tonight is forever
just crying to give you
my dead-end dream.

GRACE

If God exists
I want to feel him
between your thighs
if love is real, I'd nail you
on that wooden cross

My only God in this world
stares while I'm going under
my only God in this world
ends when I'm falling for Grace
and I fall from grace

No God exists

I've seen the truth in your eyes
no love is left here upon
your twisted cross

My only God in this world
stares while I'm going under
my only God in this world
ends when I'm falling for Grace
and I fall from grace

My only care in this world
to feel your heat beside me
now that I'm safe in this womb
that's why I'm crawling for Grace
and I fall from grace.

DUST IN THE WIND

I close my eyes
only for a moment,
and the moment's gone
All my dreams
pass before my eyes, a curiosity

Dust in the wind,
all they are is dust in the wind

Same old song
just a drop of water in an endless sea
All we do
crumbles to the ground,
though we refuse to see...

Dust in the wind,
all we are is dust in the wind...
in the wind

(solo)

Now don't hang on
nothing lasts forever
but the earth and sky
It slips away
and all your money won't another minute buy

Dust in the wind,
all we are is dust in the wind
Dust in the wind,
everything's dust in the in the wind...

SIMPLE MAN

Mama told me when I was young
Come sit beside me, my only son
And listen closely to what I say.
And if you do this
It will help you some sunny day.

Take your time... Don't live too fast,
Troubles will come and they will pass.
You'll find a woman and you'll find love,
And don't forget son,
There is someone up above.

And be a simple kind of man.
Be something you love and understand.
Baby be a simple kind of man.
Oh won't you do this for me son,
If you can

Forget your lust for the rich man's gold
All that you need is in your soul,
And you can do this (oh baby) if you try.
All that I want for you my son,
Is to be satisfied.

And be a simple kind of man.
Be something you love and understand.
Baby, be a simple kind of man.
Oh won't you do this for me son,

If you can

Boy, don't you worry.
You'll find yourself.
Follow your heart,
And nothing else.
You can do this, oh baby, If you try.
All that I want for you my son,
Is to be satisfied.

And be a simple kind of man.
Be something you love and understand.
(solo)
Baby, be a simple, be a simple man.
Oh won't you do this for me son (x3)

(guitar outro)
be a simple man
won't you do this
If you can...

SIGN YOUR NAME

(intro)
All alone with you
Makes the butterflies in me arise
Slowly we make love
And the earth rotates
To our dictates
Slowly we make love...

Fortunately you have got
Someone who relies on you
We started out as friends
But the thought of you just caves me in
the symptoms are so deep
It is much too late to turn away
We started out as friends

Sign you name
Across my heart
I want you to be my baby
Sign your name
Across my heart

I want you to be my lady

Time I'm sure will bring
Disappointments in so many things
It seems to be the way
When your gambling cards on love you play
I'd rather be in hell with you baby
Than in cool heaven
It seems to be the way

Sign your name
Across my heart
I want you to be my baby
Sign your name
Across my heart
I want you to be my lady

Birds never look into the sun
Before the day is done
But oh the light shines brighter
On a peaceful day
Stranger blue leave us alone
We don't want to deal with you
We'll shed our stains showering
In the room that makes the rain

Sign your name
Across my heart
I want you to be my baby... (ad lib)

NUTSHELL

We chase misprinted lies
We face the path of time
And yet I fight
And yet I fight
This battle all alone
No one to cry to
No place to call home

Ooh...

My gift of self is raped
My privacy is raked
And yet I find

And yet I find
Repeating in my head
If I can't be my own
I'd feel better dead

Ooh...
